

By the industry, for the industry

SeaState is a monthly ocean industries podcast designed for active professionals. This entertaining and educational podcast covers a broad range of topics and features a leading line-up of industry experts as guests. As a must-hear extension to ON&T's editorial agenda, SeaState addresses the breaking news and emerging trends in ocean technology, as well as discussing pioneering research, industry challenges and prospects for the future.

To find out more about our guests and topics, please visit our website <https://oceannews.com/seastate>.
